ADITHYAN V

B.Tech – Electronics and Communication Engineering

(+91) 830-196-2849 | adithyanv7777@gmail.com | LinkedIn | Kollam, Kerala – 690561

Education

APJ Abdul Kalam Technological University – Government Engineering College Thrissur

B.Tech – Electronics and Communication Engineering CGPA: 8.84 / 10.00 *June 2027*

Central Board of Secondary Education

Class 12 Percentage: 94.4% *May 2023*

Class 10 Percentage: 98.6% *August 2021*

Internship

Semi-Conductor Laboratory (under MeitY), Mohali *July 2026*

- Designed and analyzed a two-stage CMOS Miller op-amp in 180 nm technology using Cadence Virtuoso

Cochin Shipyard Limited, Kochi *June 2025*

- Gained exposure to ship repair operations across different fields while observing safety practices in an industrial environment.

Skills

Project Management & Interpersonal	Planning and Execution, Team Coordination, Event Management, Organizational Skills
Software & Tools	Figma, MATLAB, Vivado, Cadence Genus, Cadence Innovus, Arduino IDE, LTspice, KiCad, Fritzing, Flutter, Vixen
Office Tools	Microsoft Excel, MS Office, Microsoft Power Point
Programming	Verilog, Python, C, Embedded C, Dart
Technical	RTL Design, FPGA Design, Digital Logic Design, PCB Design and Soldering
Interpersonal	Leadership, Team Management, Public Speaking, Event Hosting, Communication – English & Malayalam

Projects

Adaptive Multi-Protocol Communication Hub using FPGA *July 2026 – Present*

- Designed and implemented a Verilog-based Multi-Protocol Conversion Unit supporting SPI, I^2C, and UART, with shared data routing and selectable transmission.

Image Encryption & Decryption using FPGA and Cadence *Jan 2026 – Mar 2026*

- Managed RTL design, synthesis, physical implementation, and timing analysis using Cadence Genus, Innovus, and Xilinx Vivado.

Smart Water Flow *Jan 2025*

- Developed an automated water-flow system using Arduino, with Flutter and Firebase for real-time monitoring.

Super Talker *Jul 2024 – Mar 2025*

- Coordinated with NIPMER to develop a communication-assistive device with pre-programmed audio outputs.

Arduino-Based Gas Leakage Detection System *Jan 2026*

- Built an Arduino-based system for gas detection and automatic safety alarm activation.

To-Do App *Aug 2024 – Dec 2024*

- Developed a Flutter-based task management application with full CRUD functionality.

Positions of Responsibility

IEEE – Robotics and Automation Society

- Chairperson, IEEE RAS SBC GECT – led planning and execution of PRIM.E, an All-Kerala Robotics & Automation event, coordinating teams, logistics, budgets, sponsors, and event activities. *2026 – Present*
- MD Team Member, IEEE RAS Kerala Section – coordinated with multiple student chapters and supported section-wide initiatives and activities. *2025 – 2026*

Indian Society of Technical Education (ISTE)

- Vice Chairman, ISTE Kerala Section – supported coordination of section-level programs and stakeholder communication. *2026 – Present*
- Convener, ISTE GECT – organized chapter activities while coordinating schedules, resources, and team execution. *2026 – Present*

Hult Prize Student Chapter

- Program Coordinator *2024 – 2025*

Achievements & Certifications

Achievements

- Best Student Award – ISTE Kerala Section *October 2026*
- Best Delegate of the Year – ISTE Annual State Convention 2025 *March 2025*
- 1st Place – English Debate; 3rd Place – English Extempore, College Arts Fest (Urakke) *August 2024*

Certifications

- NPTEL – CMOS Digital VLSI Design, IIT Roorkee *Jan – Mar 2025*

Volunteering

- Student Coordinator, Quintessence (ECE Department Fest); Member, Publicity Team, Dyuthi (College Cultural Fest).
